Subject: RE: Follow-up from October Mendocino JJDPC Meeting

Dear Chairperson Gaston,

I hope this email finds you well as we approach the weekend!

I wanted to quickly follow-up on my earlier email to see if you needed any further assistance finding resources that describe the best practices for collecting and storing recidivism, truancy, and detention data as a county commission. As I mentioned, Dr. Richardson and our Research and Data Division are available to answer any questions that the Mendocino JJDPC may have!

Additionally, I would like to confirm whether you were interested in me identifying local organizations that support early intervention for youth in Ukiah, particularly in light of the recent rise in truancy cases. Much of our office's work focuses on connecting communities with resources tailored to their specific needs, and I'd be happy to research local organizations and share my findings with you.

Lastly, I wanted to check in about the possibility of connecting Judge Carly Dolan with our office's Director, Katherine Lucero. Director Lucero is eager to discuss best practices for supporting youth, especially given the recent increase in dually involved youth in Mendocino. If Judge Dolan is available, please let me know, and I can set up a meeting!

If you have any questions or need any further information, please feel free to reach out. If my schedule permits, I hope to virtually attend Mendocino County's JJDPC meeting next Friday, November 8th, and can also answer any questions you might have during the call as well.

Thank you for your time,

Darius

Subject: Follow-up from October Mendocino JJDPC Meeting

Dear Chairperson Gaston,

Thank you again for welcoming Krystall and me to today's JJDC meeting! We appreciated the opportunity to hear from your local community leaders, and it was especially heartening to learn of the development and success of Mendocino's gardening, music, and restorative justice peer court programs.

As promised, I wanted to follow up on your request for resources related to the collection and storage of recidivism, truancy, and detention data by similar county commissions. I have CC'd Dr. Vincent Richardson, Chief of the OYCR's Data & Research Division, to this email. Dr. Richardson can provide further insight into how other counties manage this data.

Additionally, during the meeting, Judge Carly Dolan highlighted the increase in truancy cases emerging from youth in Ukiah. Much of our work involves identifying and uplifting local community organizations that provide support and care to parents to prevent their youth from entering the system. If it would be helpful, I can research local organizations that offer early interventions promoting school enrollment and can send you my findings after contacting them to ensure they can provide support to your county.

Finally, Judge Carly Dolan mentioned that for the first time, Mendocino County will be providing services to dually involved youth. I would be happy to connect the judge with OYCR Director Katherine Lucero. Prior to her appointment, Director Lucero served as the Presiding Judge of Santa Clara County's Juvenile Court, and she would love the opportunity to discuss best practices for supporting dually involved youth with Judge Dolan. Please let me know if Judge Dolan would be open to meeting with the Director, and I can set up a meeting.

If you have any questions, please feel free to reach out. I hope to continue attending the monthly Mendocino JJDC meetings and am excited to further strengthen OYCR's partnership with your community!

Thanks again for your time,

Darius
